# Introduction

## About SAPA

The Sino-American Pharmaceutical Professionals Association (SAPA) is a not-for-profit and non-political organization. Established in 1993 and headquartered in the center of the pharmaceutical corridor in New Jersey, SAPA rapidly became one of the most active Chinese American professional associations in the US.

SAPA's members are from pharmaceutical and biotech companies, with areas of expertise covering almost every aspect of pharmaceutical research and development as well as production. The organization's large membership base and their superb scientific and technical abilities have allowed SAPA to be a key source for knowledge exchange on the latest developments in the pharmaceutical, biotechnology, and generic drug industries.

Over the years, SAPA has received generous sponsorship and support from numerous multinational companies in the US and overseas. SAPA will continue to provide a broad platform for scientific and technical discussion, talent exchange, and training for colleagues in the pharmaceutical industry.

SAPA Sites and Chapters:

**SAPA-HQ** (Headquarters): New Jersey, USA

**SAPA-DC** (DCChapter): District of Columbia and Maryland, USA

**SAPA-NC** (North Carolina Chapter): North Carolina, USA

**SAPA-China:** Zheng Zhou and Beijing, China

## About SAPA-NC

The Sino-American Pharmaceutical Professionals Association – North Carolina Chapter (SAPA-NC) is a regional chapter of SAPA, dedicated to fostering innovation, collaboration, and professional development within the pharmaceutical and biotechnology community in North Carolina and the broader Research Triangle Park (RTP) ecosystem.

Located in one of the most dynamic life sciences clusters in the United States, SAPA-NC serves as a bridge connecting academic research institutions, biotechnology startups, multinational pharmaceutical companies, investment communities, and global industry leaders.

SAPA-NC focuses on:

- Advancing frontier innovation in biopharma and life sciences
- Facilitating cross-border collaboration between the US and global markets
- Promoting strategic dialogue on drug discovery, translational medicine, and global commercialization
- Supporting professional growth and leadership development
- Strengthening connections among scientists, entrepreneurs, investors, and industry executives

Through high-level summits, focused roundtables, industry panels, and networking events, SAPA-NC aims to cultivate a collaborative ecosystem where scientific breakthroughs can translate into global healthcare impact.

As part of the broader SAPA network, SAPA-NC is committed to upholding the organization's core values of professionalism, scientific excellence, and international collaboration, while developing a distinctive platform aligned with North Carolina's growing role in global biopharmaceutical innovation.
